## ROOSEVELT!

Republican Candidate For Vice-President Here Today.

Gov. Theodore Roosevelt.

Today will mark an interesting event in Republican history in this county.

The candidate for Vice-President, Governor Theodore Roosevelt, of New York, a man who in the past few years has gained National prominence and everywhere won the admiration of the American people, will be here this afternoon and make an address.

A platform has been erected at Sutton and Front streets, and here a meeting will be held.

### DEMOCRATS RESPONSIBLE

For the Defeat of the Non-Partisan Election Bill Saturday.

This whole business of failure on the part of Kentucky's Legislature to give us a new election law which would mean a fair chance for all parties must be placed where it belongs, and we propose to issue facts as they were enacted which have gone to make history.

From the time of the meeting day of the Legislature until Saturday last no effort has been made by the majority to pass a non-partisan law nor to amend even the odious Goebel Bill, under which we have had riots, bloodshed, disfranchisement and bitter hatred which time hardly will efface.

South Trimble is Speaker of the lower House. He is also a candidate, through trickery, for Congress in the Seventh District. His chances for being elected should the Goebel Law be declared non-existent as 16 to 1 and lives where we take up Bryan's other fallacious schemes.

Saturday was the day when a decision would be reached whether a law would be passed as per order of Governor Beckham.

The Senate had passed two bills, the patriotic Democrats and the minority Republicans having determined that a popular and honorable law should wipe out Goebellism. These went to the House. It was in favor of one of them.

If either became a law it knocked Mr. Trimble's aspirations into a cocked hat. He knew this and his determination to get enough votes to defeat it knew no bounds. His intense love for the Goebel Law took the form of a mania and with a full appreciation of his late chief's tactics undertook to whip into line a few recalcitrant menials who fear position and authority as a cur does a scolding woman. But when South Trimble left the supposed non-partisan Speaker's chair to get on the floor and lobby through a scheme to defeat the will of the people by threats, coercion and brow-beating methods he degraded a high office which has crowned honora-

Hon. Augustus E. Willson and Judge W. M. Beckner, both ex-Mason county men, Republican leaders and well known orators of Kentucky, are also in Maysville to speak.

The meeting will be opened at 1:30 by Mr. Willson. From the strangers already here Governor Roosevelt will doubtless be given a rousing ovation at this point.

This afternoon the Maysville Band will be out in force for some fine music.

ble men with tributes of faithful service and sent their names to higher planes of responsibility. He not only did this but he used the party lash upon the backs of Representatives Brown and Nuckols until they voted as South Trimble wanted and this after he (Trimble) had said, "I will be defeated with another law and I want the Goebel Law so I can go to Congress."

The Second and Fourth Ward Clubs will bowl this evening at the Maysville alleys. Game called at 8 o'clock.

### A CORRECTION.

Mr. Charles Phister Tells Where General Grant Spoke.

The following letter from that well-known citizen, Mr. Charles Phister, explains itself:

CHICAGO, ILL., October 13, 1900.  
Editor of Public Ledger: I see in your issue of the 11th that Governor Roosevelt, the Republican candidate for Vice-President, will visit our city and will make a speech at Front and Sutton street. You also add that the Governor will not be the first distinguished man to make a speech there. You mention the names of several far greater men, Henry Clay, W. L. Vallandigham, General Scott, General Metcalfe, John Quincy Adams, George H. Pendleton and W. H. Wadsworth. I take delight in saying I heard all these celebrities in my younger days. Here let me make a correction. General Grant spoke at the Central Hotel on Market street and John Quincy Adams in the Presbyterian on Second street, and here let me say that General R. Collins was appointed by the city to go to Cincinnati to get Mr. Adams to come to our city to make an address, as he was there to dedicate the observatory on Mount Adams. N. Cooper and I volunteered our services as the junior delegation to assist General Collins in the invitation. Our eloquence was equal to the occasion. He came.  
Yours,  
P. S.—Daniel Webster spoke at the Langhorn Hotel on Market street.

**Does It Pay To Buy Cheap?**  
A cheap remedy for coughs and colds is all right but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Get a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Rochester's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, cures every expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists to the world. For sale by J. C. Pecor.

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mother and grandmothers never thought of using anything else for indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Pecor.
